- 181 **Salivary steroid assays: still awaiting a killer application**  
Read GF

## Review Articles

- 183 **Salivary steroid assays – research or routine?**  
Wood P

- 197 **Clinical biochemistry of assisted conception**  
Srivastava R and Kay V

- 205 **How should proteinuria be detected and measured?**  
Lamb EJ, MacKenzie F and Stevens PE

## Original Articles

- 218 **The mean and the biological variation of insulin resistance does not differ between polycystic ovary syndrome and type 2 diabetes**  
Cho LW, Jayagopal V, Kilpatrick ES and Atkin SL

- 222 **Detection of haemolysis and reporting of potassium results in samples from neonates**  
Jeffery J, Sharma A and Ayling RM

- 226 **A simple automated solid-phase extraction procedure for measurement of 25-hydroxyvitamin D<sub>3</sub> and D<sub>2</sub> by liquid chromatography-tandem mass spectrometry**  
Knox S, Harris J, Calton L and Wallace AM

- 231 **Controlled study on folate status following folic acid supplementation and discontinuation in women of child-bearing age**  
Bakker DJ, de Jong-van den Berg LTW and Fokkema MR

- 235 **A worldwide multicentre comparison of assays for cerebrospinal fluid biomarkers in Alzheimer's disease**  
Verwey NA, van der Flier WM, Blennow K, Clark C, Sokolow S, De Deyn PP, Galasko D, Hampel H, Hartmann T, Kapaki E, Lannfelt L, Mehta PD, Parnetti L, Petzold A, Pirttila T, Saleh L, Skinningsrud A, C v Swieten J, Verbeek MM, Wiltfang J, Younkin S, Scheltens P and Blankenstein MA

- 241 **Ischaemia-modified albumin in dilated cardiomyopathy**  
Sbarouni E, Georgiadou P, Koutelou M, Sklavainas I, Panagiotakos D and Voudris V

- 244 **A prospective study of causes of haemolysis during venepuncture: tourniquet time should be kept to a minimum**  
Saleem S, Mani V, Chadwick MA, Creanor S and Ayling RM

## Short Report

- 247 **A study of the relationship between albuminuria, proteinuria and urinary reagent strips**  
Collier G, Greenan MC, Brady JJ, Murray B and Cunningham SK

## Case Reports

- 250 **A monoclonal protein identified by an anomalous lipaemia index**  
Monk C, Wallage M, Wassell J, Whiteway A, James J and Beetham R

- 253 **New onset of heterophilic antibody interference in prostate-specific antigen measurement occurring during the period of post-prostatectomy prostate-specific antigen monitoring**  
Fritz BE, Hauke RJ and Stickle DF

- 257 **Stress cardiomyopathy – a unique presentation of diabetic ketoacidosis**  
Nanda S, Longo S, Bhatt SP, Pamula J, Sharma SG and Dale TH

## Letters

- 261 **Measuring salivary cortisol with the Architect i2000 random access analyser**  
Heijboer AC, Martens F and Blankenstein MA
- 262 **Incorrect use of ratios in commercial assay kit instructions**  
Holding S
- 263 **Two cases of antiruthenium antibody interference in Modular free thyroxine assay**  
Heijboer AC, Ijzerman RG, Bouman AA and Blankenstein MA
- 264 **Reference change values: the way forward in monitoring**  
Fraser CG
